## FLAME RESTAURANT

East meets West in the hotel's newest dining destination, where the expert culinary team serves modern European cuisine with an Asian twist. An expansive marble-top open kitchen surrounds the entire restaurant, while a panoramic view of the Metro Manila skyline envelops the guests in a welcoming ambiance.

## RESTAURANT TAPENADE

Explore the bold, light and summery flavors of Spain, Italy, France, Greece, Turkey, and Morocco through a tempting Mediterranean menu. A highlight of the restaurant is the Tapenade Salad Room, offering one of the most exquisite salad experiences in the Philippines, replete with fresh oysters and choice charcuterie.

## THE GILARMI LOUNGE

The cozy lounge pays tribute to the “The Gilarmi Apartments”, where Discovery Primea stands today. Unwind to a vast array of wines, spirits, and coffee, paired with our signature Filipino bar chow. Delight in live music on selected days of the week.

## 1824

This cigar and whisky bar is named after the year 1824 when the first license for single malt distilleries was granted. This legalized one of the most celebrated palate pairings – that of cigars and scotch. Other nips such as cognacs, wines, and champagnes are also served, together with an epicurean menu.

## EDGE

The sky garden lounge is the ideal setting for casual nights out. Edge serves conversation pieces in the form of creatively crafted cocktails and contemporary mixology, coupled with a stunning view of the Makati cityscape.
